Safa Akyüz

Frontend Developer

Istanbul, Turkey safaakyuz@outlook.com.tr safaakyuz.com LinkedIn GitHub

EXPERIENCE

Discipline Lead
Jan 2025 – Present

Etiya · Remote

- Leading the Frontend discipline across multiple product teams, mentoring junior and mid-level developers
- Driving architectural decisions for enterprise-scale Angular applications serving telecom clients
- Establishing and enforcing coding standards, code review processes, and CI/CD best practices
- Evaluating and introducing new technologies and tooling to improve developer experience and delivery speed
- Integrating AI-assisted development workflows (Windsurf, Claude Code) into team practices, accelerating code delivery and review cycles

Senior Specialist, Software Development
Jan 2022 – Jan 2025

Etiya · Istanbul, Turkey

- Developed and maintained multiple product-oriented Angular applications for enterprise telecom platforms
- Led feature development end-to-end, from technical design through implementation and deployment
- Implemented complex, reusable UI component libraries and scalable state management patterns
- Collaborated with cross-functional teams including UX designers, backend engineers, and QA

Specialist, Software Development
Oct 2020 – Feb 2022

Etiya · Istanbul, Turkey

- Built customer-facing Angular applications with a strong focus on quality, performance, and usability
- Delivered tailored frontend solutions based on client requirements and product specifications
- Participated in code reviews and contributed to team knowledge sharing and onboarding

Web Developer
Mar 2020 – Aug 2020

E-VEND Otomat Teknolojileri A.Ş. · Istanbul, Turkey

- Built an admin dashboard for monitoring and managing a network of automated vending machines
- Developed real-time data visualization and inventory management interfaces
- Integrated frontend with IoT backend systems via RESTful APIs

Developer
Jul 2018 – Sep 2018

PlatPlay · Istanbul, Turkey

- Developed an admin dashboard for a digital signage content management platform
- Built interfaces for scheduling, managing, and deploying content across digital displays

Trainee
Aug 2016 – Sep 2016

Penterus Yazılım ve Teknoloji A.Ş. · Istanbul, Turkey

- Gained hands-on experience in professional software development workflows and agile practices

EDUCATION

B.E., Electrical and Electronics Engineering
2013 – 2019

Marmara University, Istanbul
GPA: 2.84 / 4.0

Erasmus+ Exchange — Electrical and Electronics Engineering 2015 – 2016

West Pomeranian University of Technology, Szczecin, Poland

SKILLS

Frontend: Angular, React, TypeScript, JavaScript, HTML/CSS, Tailwind CSS

Backend: Node.js, Cloudflare Workers, Hono

Tools: Git, Vite, Figma, VS Code, Claude Code, Windsurf

Practices: AI-driven development, prompt engineering, agentic coding workflows

Languages: Turkish (Native), English (Professional)

CERTIFICATIONS

Angular Certificate — HackerRank · Jun 2025

PROJECTS

navui

safaakyuz.com

- Personal portfolio built as a retro CRT desktop OS — React, TypeScript, Zustand, Framer Motion, Tailwind CSS. Fully built using AI-driven development with Claude Code

AI DnD

Live

- AI-powered Dungeons & Dragons web application deployed on Cloudflare Workers

Ozkonak Elektrik

Live

- Business website for an electrical services company

Zu Craft

Live

- E-commerce storefront for a handcraft shop
